SELECTMEN'S REPORT

This year we made an important acquisition for the Town's present and future needs. By early winter the purchase of the Charles Symonds property from his daughter Gladys Lapierre, was completed. The Town now owns 24 acres in the village, and includes the Stone House and barn. The Town did not receive the deed to the property until December, so it was impossible for the evaluation committee to make their study. We are asking for your support in extending the deadline for the committee to make their report to the 1983 Town Meeting.

This year for the first time we taxed land in the Town by the Tax Map. In general the transition from old records to new went very smoothly, and we are in the process of correcting the errors and omissions that did occur. We are grateful to Ed Frekey our Clerk, and Stan Prescott II, Real Estate Records Clerk for the special effort they made in the changeover.

One of the Revenue sources for paying for the Symonds property is the Timber Harvest revenues from the William Maxfield Lot. This 160 Acre Town owned parcel bordering the Hoit Marsh is being selectively cut in conjunction with a management plan. The logging operation is being overseen by FORECO, a professional Forestry consulting firm. The stumpage was sold by sealed bid to the DiPrizio Company, and will be cut over a two year period.

The Boston Post Cane for Loudon's oldest resident was given to INEZ MOORE.

At last year's Town Meeting we voted to divide future Town Meetings into two sessions. The Second Tuesday in March will, as usual be the day for holding the election of Officials and voting on ballot questions, and this

will be at the Town Hall. The following Saturday MARCH 13th, the regular Town Meeting will be held. This is our FIRST Saturday meeting and we anticipate a good turnout of Townspeople. Given the limited capacity of the Town Hall, we have rented the **Country Dance Hall** on Mudgett Hill Road for that Saturday at 9:00 A.M.

HIGHWAY DEPARTMENT REPORT

The Town Road Aid project from the Center Cemetery to the Archer Smith residents on Clough Hill Road was finished early this spring. Following the completion of this project work was begun on widening and straightening of Clough Hill from Bumfagon Road to just above the intersection of McKenzie Road. This consisted of extensive cutting of trees and blasting of ledge. This project should be completed this year.

The Lesmerises Road project that has been underway for a couple of years was finished this year with a three inch crushed gravel top being applied to the gravel base.

Lower Ridge Road was shimmed with approximately 500 yards of cold patch, and then oiled this fall. It is very important that our paved roads be oiled on a regular schedule. But with increasing cost of oil it is more difficult each year to stay on a regular schedule without appropriating a larger sum of money each year for this purpose.

The Town salt shed was built at the Landfill this fall and has proven to be very valuable in both saving time and salt.

Thought should be given to replacing the town equipment on a regular basis. This year we are in need of a new truck to replace our 1974 International, which is in very poor condition and is no longer dependable. Much of our other equipment required extensive repairs this fall so as to get them ready for the winter months.

We would like to take this opportunity to thank the residents of the Town of Loudon for their support and cooperation in the past year.

Ronald K. Moore
Acting Road Agent

LANDFILL DEPARTMENT REPORT

The refuse pit that we are using at the present time is lasting very well, thanks to everyone taking the time to sort their trash into six different categories. By everyone doing their share it looks like our present pit will last another year, before it becomes necessary to move over to the next pit.

Our landfill attendant Ken Magoon is doing a very good job at keeping the landfill area and the equipment in excellent shape.

Landfill hours are as follows:

WINTER: December 1st to April 1st

Tuesday 9:00 A.M. to 5:00 P.M.

Saturday 8:00 A.M. to 5:00 P.M.

SUMMER: April 1st to December 1st

Tuesday 9:00 A.M. to 6:00 P.M.

Saturday 8:00 A.M. to 6:00 P.M.

Once again we would like to thank everyone for their cooperation in making this project a success.

Ronald K. Moore
Acting Road Agent

We have also brought the town additional revenue with increases in dog enforcement, court activity, and enforcement of town ordinances. With the help of town businessmen we are scheduling a Drug Awareness Program that will be presented to the Parent-Teacher Association in the spring.

We are grateful for the assistance and cooperation of the Selectmen, Fire Department, Highway Department, and all other town officials, as well as the State Police and Sheriff's Department. Without them we could not have attained such a high level of protection.

We look forward to serving you in the coming year. We will continue to strive to maintain our professionalism, as we take great pride in our community.

LOUDON VOLUNTEER FIRE DEPARTMENT

1981 Annual Report

Responses by the Loudon Volunteer Fire Department in 1981 increased some 40 percent over 1980. This is reflected in both fire and medical emergency calls. The continual increase in calls bears heavily on the few people who are available to respond during normal work day periods.

Because of the support of our citizens at the 1981 Town Meeting, the Fire Department was able to procure vehicles vital to the protection of the community. We have placed into service a new attack pumper manufactured by FMC Corporation. This apparatus is being used for initial attack in the village area and is also designed as a support vehicle in other areas of town. This acquisition is the first step in a planned replacement program of apparatus and replaces the old Engine 1 which was 23 years old. We were also able to place a rescue vehicle in service which responds to all medical emergencies in the Town and assists at fire and other emergencies. The chassis was purchased by the Town and the body was donated by Capitol Fire Protection Co., Inc. for which we are very grateful.

To perform efficient fire suppression and life support functions requires many hours of training. Members continue to contribute vast numbers of hours in order to provide these important community services.

We wish to acknowledge the cooperation of all other Town departments. Their aid is important in the accomplishment of our goals.

The Fire Department is available to aid all townspeople in fire prevention efforts. We would prefer to help you in your planning, rather than to respond to

your emergency. We would be remiss if we did not re-emphasize the importance of smoke detectors in all residences, and the importance of proper maintenance of wood stoves and chimneys.

Responses by the Loudon Fire Department in 1981 are as follows:

House Fires	13	Mutual Aid	41
Stove and Chimney	30	Forest Fires	17
Motor Vehicle		Searches	3
(Accidents/fires	18	Service Calls	2

AUDITOR'S REPORT

We have examined the accounts of the Town Clerk, Tax Collector, Trustees of the Trust Funds, Trustees of the Library and the Town Treasurer and have found them to be in good order.

Edward D. McCready, Auditor

Douglas R. Mahoney, Auditor

REPORT OF THE PLANNING BOARD

During the calendar year 1981, the Planning Board approved twenty-two (22) subdivision applications, creating thirty-eight (38) additional building lots in Town. Building Permits were issued for forty six (46) new homes. These statistics reflect a continuation of the growth trend which has been quite consistent for the past several years; 6-7% annually based on new home starts.

While this rate of growth appears to be manageable from a stand point of providing community services, one wonders if the current state of the economy which is suppressing housing starts nationally is simply delaying what may become an unmanageable growth spurt for the town at some point in the future.

With the Master Plan adopted at last year's Town Meeting for guidance the planning board will be considering some of the options set forth therein as the basis for possible legislation to be offered at future Town Meetings. The intent of such legislation would be, of course, to avoid a possible uncontrolled growth situation which could surely threaten some of the desirable characteristics of our Town and burden our ability to provide necessary services.

The Board encourages Town residents to review the Master Plan with this objective in mind and come forth with any suggestions they may have in the months to come.

SUMMER RECREATION

Loudon has been able to offer a four week Summer Recreation program to its school age young people for three years. It has been the committee's goal to be flexible enough in planning to meet the needs and interests of all ages.

Enrollment remained about the same with a larger attendance in the afternoon. There were some youngsters who remained at the program all day.

Many of the free give away program materials and equipment formerly available from commercial companies are no longer available. This means we must seek other sources or eliminate some of these activities.

The program was fortunate to obtain a sturdy, used ping pong table as permanent equipment which proves popular with the afternoon group. Another game, table baseball, was given to the program.

The expanded craft program under the capable guidance of Debbie Austin interested a large percentage of the group. Many "scrap" crafts were done as well as craft kits.

New activities are tried each year to vary the program. In 1981 the youngsters heard from an African Exchange student, met a Colonial Militiaman and saw a full length movie. Bus trips were expanded to two — Bear Brook State Park and Wallis Sands.

Return programs which continue to be popular include Christmas in August, Halloween in July, and Pepsi, Hot Shot contests. Bikes draw a lot of interest and are used in various competitions.

The program continues to have Mr. Brian Bendiks as

its director. He knows our children and enjoys working with them. We are grateful to Brian for the fine job he does.

The Recreation Committee is in need of some interested people to help plan these programs. The time involved is really minimal considering what is provided for our children. Won't you consider helping next year?

SYMONDS PROPERTY COMMITTEE

Following the wishes of the Town, our Committee was formed to bring to the townspeople recommendations for the use of the Symonds property.

Members of the Committee are:

Wesley Cook, Chairman
Cheryl Geerdes, Secretary
Chuck Christy
Horace Hodgman
Charlene Isabelle
Dick Malfait
Robert Ordway
Stanley Prescott

We have met once to have everyone express their thoughts on possible uses for the property. The property consists of a house, barn and twenty-six (26) acres of land located behind the Police Station.

All of the members have viewed the site and we will be meeting in the near future to discuss some possibilities. Due to the lateness of the actual transfer of ownership to the Town, we have had less than one month to work on the project.

We will be sending questionnaires to every household requesting input as to what the townspeople's wishes may be.

If anyone has any questions or would like to serve on the Committee, please contact any one of the present members.

Respectfully submitted,

Wesley N. Cook

REPORT OF THE CONCORD REGIONAL VISITING NURSE ASSOCIATION

Visits made during the year beginning October 1, 1980 to September 30, 1981 were:

Nursing	367 visits
Home Health Aide	90 visits
Physical Therapist	51
Homemaker	371 units
Nutritionist	2
Occupational Therapist	17
Speech Therapist	37

The Concord Regional Visiting Nurse Association, Inc., continued to service Loudon for this past year. They have provided skilled nursing care for anyone sick in the home, especially those needing continuity of care after discharge from the hospital. They are available to give hypodermic injections, change surgical dressings, and do other treatments prescribed by the attending physician. When indicated, family members have been instructed to give care between the nurse's visits.

Therapy services; such as, physical therapy, speech therapy, occupational therapy, and nutritional guidance have been given by the therapists in order to assist with the rehabilitation of an acute or chronic illness.

When family members are unable to supply all the needed care, a staff of homemaker/home health aides is available to give physical care, do light housekeeping, and assist with meal planning and meal preparation.

The nurses are delighted to advise new and expectant mothers in the care of themselves and their babies. They are also glad to work with families and individuals on normal nutrition, sickness, and accident prevention.

Anyone in Loudon may request these services — doctor, family, pastor, friend, or the patient himself. Patients are also referred by clinics and other agencies. All calls are answered, but continuing home care can be provided only under a doctor's orders.

A call to the Concord Regional Visiting Nurse Association, Inc., (224-4093) between the hours of 8 a.m. and 9:00 p.m., seven days a week is all that is necessary to start services or make inquiries. Fees may be scaled for those unable to pay the charge if that person has no other funding source available, such as insurance coverage. The patient will be responsible for remainder of bill.

Sincerely,

Lutie K. Piper,
Executive Director
